“When the incredible Jane from Inglot contacted me with an idea to create a Collection, I couldn't believe it! This is something I have always dreamed of doing and to be creating my very own Collection with an Internationally Recognised Brand like Inglot is something I never thought would be possible. Inglot have been the dream to work with and really understood my vision –to bring out a Collection that was super diverse and could be worn in so many ways; whether that's on your Wedding Day or a for Glam Girl's Night Out. I also wanted to create something that would suit all skin tones and I really think that's something we achieved with this Collection. I feel eternally grateful for this opportunity.
